

**Amendment to Existing Authorization
For Use of Radioactive Materials**

Radiation Physics and Safety Division

Name of Authorized User: _____

I request that the following be amended to our authorization to use radioactive materials:

1. New isotope(s) or chemical form(s) (also complete section 4)

(a) Add new possession limit: _____ μ Ci of _____ isotope

Chemical Form: _____

Proposed New Sink Drain Limit _____ μ Ci

(b) Add new possession limit: _____ μ Ci of _____ isotope

Chemical Form: _____

Proposed New Sink Drain Limit _____ μ Ci

2. Possession Limits Change

Isotope _____ Present Limit _____ Proposed Limit _____

Isotope _____ Present Limit _____ Proposed Limit _____

Isotope _____ Present Limit _____ Proposed Limit _____

3. Sink Disposal Activity Limit Change

Isotope _____ Present Limit _____/month Proposed Limit _____/month

Isotope _____ Present Limit _____/month Proposed Limit _____/month

Isotope _____ Present Limit _____/month Proposed Limit _____/month

**Amendment to Existing Authorization
For Use of Radioactive Materials**

4. New Procedure

Describe specific procedures proposed.

Specific radiation safety steps to be taken:

Signature: _____

Date: _____
